

January 2021

Dear NYLILA Member,

2020 was a great year for the New York and Long Island Lumber Association. Our members participated in educational events, actively engaged in legislative efforts at the state and federal level, attended the LBM Expo and NYLE Timber Tour. We also were able to continue philanthropic efforts, awarding multiple scholarships and donating to the LIFT program for industry employees facing loss of shelter. Sponsorship support plays a significant role in our ability to conduct programs and valuable networking events. The quality and content of these events are a direct result of the financial support we receive from our associate members.

2021 looks to be an exciting year for opportunity and growth. As we move forward, our goal is to continue offering outstanding benefits to our membership in education and training, legislative initiatives, scholarships, networking and services. That's why your help and support is now more important than ever. Please continue your support for our new local association by selecting the Premium Level membership category. Our motto has been and always will be to "support those who support us."
